Today you will be served by **volunteers** from the church congregations in Macclesfield and surrounding areas who have all come together to live, love, serve and share their faith through working at the Hope Centre.

We also offer placements and training to help people progress to employment.

We have volunteers trained in listening skills to provide a **confidential listening ear** if you want someone to talk to.

We now have a **pay-it-forward** scheme, if you want to support our work with people in need please ask Emily and Anna.

We are always looking for new volunteers to help in the café and shop. If you are interested please ask one of the staff for an application form.
